FAQs

Q: How long does the Blood Drive go for?

A: From December 1st 2014 to March 31st 2015

Q: Can a Mobile Unit visit my Club one weekend to collect blood?

A: Our Mobile Units are scheduled 12 months in advance. There is a possibility of organising something for 2016, but the Club would have to show overwhelming support (150+ donations) during this challenge for us to look at that option.

Q: How can I check on the latest tally for my Club?

A: Go to: www.donateblood.com.au/club-red/view-group-tally

Q: Is the 'Club Red form' that you are given when donating, the only way to register my affiliation with my Club?

A: No, you can also register your affiliation to your Club here:
www.donateblood.com.au/who-can-give/club-red/join-group

Q: Can anyone join the Blood Drive, or is strictly Members only?

A: In the interest of making this Blood Drive as big as we can, and to save the most lives we possibly can, it's open for anyone to join. All you have to do to join is fill out that Club Red form we've previously mentioned.

Q: Jarrod, can you come along to a Club Meeting and give a presentation to our members to get them motivated and inspired to give blood?

A: With enough notice (a couple of weeks), yes, I'd love to.

Q: Jarrod, can you come along to nippers and set up a stall to talk to parents about donating blood?

A: Probably not. But we could set up a little 'self-service' info stand inside your surf club with all the information people may need to get involved.

Q: Jarrod, I have a very complex medical question regarding if I am eligible to donate blood, can you answer it for me?

A: No, I'm not medically trained. Please call 13 14 95 to speak to a medical officer

Q: Will my donation be counted if I donate blood in Sydney?

A: Yes, as long as you fill out the Club Red form, your donation will be counted no matter where you donate in Australia.

Q: Is there free parking at the Wollongong Blood Donor Centre on Kembla Street?

A: Yes, there is free underground parking for all of our Blood Donors

Pre-donation check list

Please review the following most common factors that will determine if you can or cannot give blood today.*

Most people are able to give blood if they:

- feel fit and healthy
- are aged between 16 and 70
- weigh over 45kg

You may be temporarily unable to give blood if you:

- are on certain medications or antibiotics
- have a cold or are feeling unwell in any way
- have certain medical conditions
- changed medications
- recently had surgery
- have had recent dental treatment
- recently travelled
- had a piercing

You will not be able to give blood if you:

- have visited or lived in the UK for a cumulative total of 6 months or more between 1980 and 1996
- have engaged in male to male sexual activity or other specified at risk sexual activity in the past 12 months
- have recently been pregnant or given birth
- have had a tattoo in the past 6 months
- have ever had a serious heart condition
- have ever had a serious blood disorder or disease
- have ever "used drugs" by injection or been injected with drugs not prescribed by a doctor or dentist

If you have any questions
please ask one of our team.

A man with a tattoo on his left arm is smiling and holding a young boy. The boy is wearing a red t-shirt and light-colored shorts. They are standing in front of a brick building with the word 'LIFEGUARD' visible on the wall. A white SUV is parked in the background to the left, and a red vehicle is partially visible to the right. The scene is outdoors on a sunny day.

Nate and Peter

Blood donors helped little Nate fight a battle with leukaemia.

Dad Peter is thankful to donors and regularly gives blood in Wollongong to help others like his son.
